ACCOMMODATIONS

We consider your budget, expectations and wishes to perfect your itinerary and every detail. All accommodations are selected by us and all of them are a beautiful variety of amenities. From tented camps in the wilderness to a stay in a 5-star lodge or hotel. Your budget will ultimately determine the price!

TRANSPORT

Our very experienced guides and technicians are also indispensable. Not only they are our 'business cards', caring for the guests during the safari, driving them safely everywhere, searching for the wild animals, trying to tell stories about the country and animals, they have a very good understanding of maintenance of the safari jeeps. Due to the bad roads in and on the way to the national parks this is absolutely necessary before, during and after a safari.

We all like to share our love for Tanzania with you and consider it a privilege to advise you. Together we will list your wishes and budget and compile the "once in a lifetime experience"!
